PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with 3+ years of practical experience engineering modern, accessible, and scalable web applications. Adept across the complete development lifecycle from responsive React and Next.js frontends to secure Node.js RESTful APIs and optimized databases (MongoDB, Supabase, Firebase).
Passionate about clean architecture, reusable component systems, rapid page-load performance, and delivering robust digital solutions tailored to client and business needs.

TECHNICAL COMPETENCIES

Frontend Technologies:	React.js, JavaScript (ES6+), TypeScript, Next.js, Tailwind CSS, HTML5, CSS3, Bootstrap
Backend & APIs:	Node.js, Express.js, RESTful APIs, JWT Authentication, Axios, Middleware Architecture
Databases & Storage:	MongoDB, Mongoose, Firebase (Firestore & Auth), Supabase (PostgreSQL)
Tools & Ecosystem:	Git, GitHub, Vite, Postman, Vercel, npm, VS Code, Figma to Pixel-Perfect Code

WORK & DEVELOPMENT EXPERIENCE

Full Stack Web Developer <i>Freelance & Independent Client Engagements</i> Engineered and launched 25+ responsive full-stack applications, custom business websites, and SaaS MVP prototypes. Architected clean, decoupled RESTful APIs using Node.js & Express with JWT authentication, role verification, and error middleware. Developed dynamic frontend dashboards using React, TypeScript, and Tailwind CSS, achieving 95+ Google Lighthouse speed scores. Integrated multi-provider payments, real-time database sync with Supabase and MongoDB, and automated email workflows.	2022 – Present
Frontend Web Developer <i>Digital Web Solutions Project</i> Transformed intricate client design mockups and Figma frames into modular, semantic, and fully accessible React components. Optimized client-side state handling, reduced component re-renders, and integrated asynchronous Axios data retrieval. Maintained 100% cross-browser compatibility across mobile, tablet, and ultra-wide desktop monitors.	2021 – 2022

KEY WEB DEVELOPMENT PROJECTS

Ecobazar — Fresh Grocery E-Commerce Platform

Tech Stack: React.js, Tailwind CSS, Node.js, Express, MongoDB, REST API

Live: ecobazar-rho.vercel.app | GitHub: github.com/ariyanakashbd/ecobazar

Engineered a comprehensive modern grocery shopping platform with dynamic product catalogs, category filtering, and instant search. Implemented responsive cart drawer, checkout flows, order calculation, user reviews, and responsive mobile-first UI.

Designed database schemas with MongoDB & Mongoose for robust product indexing, customer orders, and category management.

Exclusive — Electronics & Lifestyle E-Commerce Store

Tech Stack: React.js, Tailwind CSS, Context API, RESTful APIs, LocalStorage Persistence

Live: exclusive-ecommerce.vercel.app | GitHub: github.com/ariyanakashbd/exclusive

Crafted a high-converting retail storefront featuring interactive flash deals countdown timers, wishlist management, and quick product modals.

Built full cart management with subtotal calculations, coupon verification, and comprehensive responsive breakpoint testing.

DevPulse — Developer Portfolio & Analytics Dashboard

Tech Stack: TypeScript, React 19, Express, Tailwind CSS, Recharts, Gemini AI Integration

Live: devpulse.vercel.app | GitHub: github.com/ariyanakashbd/devpulse

Developed an interactive personal portfolio with real-time AI assistant for instant recruiter queries, project showcases, and resume preview.

Integrated responsive dark/light mode toggles, multilingual support (English, Bengali, Banglish), and server-side API proxy routing.

EduSphere — Course Discovery & Student Dashboard

Tech Stack: React.js, Tailwind CSS, REST APIs, Lucide Icons, Headless UI

Live: edusphere.vercel.app | GitHub: github.com/ariyanakashbd/edusphere

Created an online learning portal supporting dynamic course categorization, lesson overview syllabus, and student progress tracking.

EDUCATION & CREDENTIALS

Bachelor of Science in Computer Science & Engineering (B.Sc in CSE)

Graduated / Completed

Higher Educational Institution

Core Coursework: Data Structures, Algorithms, Web Engineering, Database Management Systems, Software Engineering.

Full Stack Web Development Certification (MERN Stack)

Certified

Professional Web Development Program

Comprehensive training in modern JavaScript, React ecosystem, Node.js API development, MongoDB, and production deployment.

LANGUAGES & KEY ATTRIBUTES

Languages: English (Fluent Professional), Bengali (Native). Key Attributes: Clean Modular Code, Agile Collaboration, Fast Learner, Detail-Oriented UI Craftsman, 100% On-Time Delivery Guarantee.
